## company profile

Quanzhou Jingda Machinery Co., Ltd., the brand "Jingda Machinery", is located in the gathering area D-7 of Xunmei Industrial Zone, Fengze District, Quanzhou City, Fujian Province, China. It is a company engaged in technical process guidance, mold design field staff training and manufacturing water heating and sanitary ware complete sets of equipment products. The main products are: gravity casting machine, double-head automatic core-shooting machine, vertical core-shooting machine sand mixer, zinc alloy casting machine and pneumatic clamp, plane grinding machine and so on. In order to purchase equipment manufacturers, the company can train technicians free of charge, making it faster and more skillful to achieve the desired purpose.
